--The MAILING DATE of this communication appears on the cover sheet with the correspondence address--

The Appeal Brief filed on 03 July 2008 is defective for failure to comply with one or more provisions of 37 CFR 41.37.

To avoid dismissal of the appeal, applicant must file an amended brief or other appropriate correction (see MPEP 1205.03) within **ONE MONTH or THIRTY DAYS** from the mailing date of this Notification, whichever is longer.
EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136.

1. ☐ The brief does not contain the items required under 37 CFR 41.37(c), or the items are not under the proper heading or in the proper order.
2. ☒ The brief does not contain a statement of the status of all claims, (e.g., rejected, allowed, withdrawn, objected to, canceled), or does not identify the appealed claims (37 CFR 41.37(c)(1)(iii)).
3. ☐ At least one amendment has been filed subsequent to the final rejection, and the brief does not contain a statement of the status of each such amendment (37 CFR 41.37(c)(1)(iv)).
4. ☐ (a) The brief does not contain a concise explanation of the subject matter defined in each of the independent claims involved in the appeal, referring to the specification by page and line number and to the drawings, if any, by reference characters; and/or (b) the brief fails to: (1) identify, for each independent claim involved in the appeal and for each dependent claim argued separately, every means plus function and step plus function under 35 U.S.C. 112, sixth paragraph, and/or (2) set forth the structure, material, or acts described in the specification as corresponding to each claimed function with reference to the specification by page and line number, and to the drawings, if any, by reference characters (37 CFR 41.37(c)(1)(v)).
5. ☒ The brief does not contain a concise statement of each ground of rejection presented for review (37 CFR 41.37(c)(1)(vi)).
6. ☒ The brief does not present an argument under a separate heading for each ground of rejection on appeal (37 CFR 41.37(c)(1)(vii)).
7. ☒ The brief does not contain a correct copy of the appealed claims as an appendix thereto (37 CFR 41.37(c)(1)(viii)).
8. ☐ The brief does not contain copies of the evidence submitted under 37 CFR 1.130, 1.131, or 1.132 or of any other evidence entered by the examiner **and relied upon by appellant in the appeal**, along with a statement setting forth where in the record that evidence was entered by the examiner, as an appendix thereto (37 CFR 41.37(c)(1)(ix)).
9. ☐ The brief does not contain copies of the decisions rendered by a court or the Board in the proceeding identified in the Related Appeals and Interferences section of the brief as an appendix thereto (37 CFR 41.37(c)(1)(x)).
10. ☒ Other (including any explanation in support of the above items):

See Continuation Sheet.

/Eric W. Stamber/
 Supervisory Patent Examiner, Art Unit 3622

Continuation of 10. Other (including any explanation in support of the above items): The applicant indicates in the status of claims that claim 1, 2, 24, 39, 55 and 61 are being appealed. There is no indication in this section that claims 3-7, 15, 52, 53, or 60 are being appealed, withdrawn, or cancelled. The Ground for Rejection section however, indicate that claim, 3-7, 15, 52 and 53 are expected to stand or fall with the rejection of their respective independent claims indicating that the applicant intends to have these claims under appeal as well. Claim 60 is not mentioned in the Grounds for rejection section which seems to indicate either an omission of its inclusion or an intent to cancel or withdraw the claim. The status of claims section should indicate the claims that are being appealed and the grounds for rejection section should address all claim under appeal and exclude any reference to claim which are not being appealed. Furthermore, the Examiner agreed to enter the claims filed after final on 8/ 24/ 2007 in the Advisory action dated 9/21/07. These are the current claims under appeal. Any amendments to the claims filed after the 8/24/2007 have not been entered and are not of record. As such the Claims presented in the Appeal Brief are not the current claims of record. Instead they have amendments which have been filed at the same time as the notice of appeal and have not been considered by the examiner. Thus they are not the currently pending claims of record.
